Manage cookies and website data in Safari on Mac - Apple ...

If you turned on FileVault encryption and created a recovery key, you can use the recovery key to reset your login password. On your Mac, choose Apple menu > Restart, or press the Power button on your computer and then click Restart.. Click your user account, click the question mark in the password field, then click the arrow next to "reset it using your recovery key."

Erase and reformat a storage device in Disk Utility on Mac ...

Partition a physical disk in Disk Utility on Mac.
Partitioning a disk divides it into individual sections known as containers. However, with APFS, you shouldn't partition your disk in most cases. Instead, create multiple APFS volumes within a single partition. With the flexible space management provided by APFS, you can even install another version of macOS on an APFS volume.
