This powerful third edition offers fresh approaches that enable school leaders to engage in effective interactions with students, educators, and the communities they serve.

Standards-Based Leadership is written specifically for superintendents and is framed within the most recent national standards: Professional Standards for Educational Leaders 2015. The cases provide an opportunity for superintendents, as well as those in training, to critically reflect on best-practices with real scenarios. Each chapter contains PSEL2015 standards, best practice literature, three cases, discussion questions, and additional resources. The chapters have been written by educators with leadership and superintendent experience.

February issue includes Appendix entitled Directory of United States Government periodicals and subscription publications; September issue includes List of depository libraries; June and December issues include semiannual index

Strengthen family and community engagement to promote equity and increase student success! When schools, families, and communities collaborate and share responsibility for students' education, more students succeed in school. Based on 30 years of research and fieldwork, this fourth edition of a bestseller provides tools and guidelines to use to develop more effective and equitable programs of family and community engagement. Written by a team of well-known experts, this foundational text demonstrates a proven approach to implement and sustain inclusive, goal-oriented programs. Readers will find: Many examples and vignettes Rubrics and checklists for implementation of plans CD-ROM complete with slides and notes for workshop presentations

The Study of the American School Superintendency, 2000 is the ninth 10-Year Study of the American School Superintendent commissioned by AASA. This 174-page reference work on the superintendency is the largest and most comprehensive look at the men and women leading our nation's public schools. It includes a wide range of information about and from superintendents, including a close examination of: Superintendents' personal characteristics, professional experience and professional preparation and training, Superintendent/school board relations and other issues affecting education and leadership, Women and minority school leaders, The history of the school superintendent in American public education, And more! The Study of the American School Superintendency, 2000 is a valuable resource for school leaders, aspiring school leaders, and those charged with preparing and supporting school leaders. In 2007, AASA will publish the 10th study of the superintendency. So, we're making room for the new study and offering the 2000 study at more than 70% off! Buy yours now, before it's too late!

Meant to aid State & local emergency managers in their efforts to develop & maintain a viable all-hazard emergency operations plan. This guide clarifies the preparedness, response, & short-term recovery planning elements that warrant inclusion in emergency operations plans. It offers the best judgment & recommendations on how to deal with the entire planning process -- from forming a planning team to writing the plan. Specific topics of discussion include: preliminary considerations, the planning process, emergency operations plan format, basic plan content, functional annex content, hazard-unique planning, & linking Federal & State operations.
