Music and Specific Learning Difficulties - by Karen Marshall

Music in the classroom doesn't always mean listening to a song and using the lyrics in some way. Music can be used in the classroom in a multitude of ways. Here are just five ways to use music in your classroom. Set the scene: If music is playing as students enter the class it can be a nice way to settle the group. Give the class a few minutes to settle down and then turn the volume down slowly and use the end of the music as an indicator to the students that the class will begin.

Understanding the needs of the child with the hearing impairment is the first step in knowing how to best go about teaching them music. Children with a hearing impairment want you to know them just like any other student and want to learn music. It is our job as their music teacher to get to know them and how we can best help them learn.

How to Teach Music to the Hearing Impaired Child - Jessica ...

Instrumental instruction is a area of music education dedicated to teaching students how to play an instrument through the reading of sheet music, learning of notes and practice. Students are usually introduced to basic instruments, such as the recorder, in elementary school and then decide whether or not they wish to pursue instrumental lessons in middle and high school.

Teaching Music

(Think: Math. Science. Music.) Pros: This style gives teachers opportunities to incorporate a variety of formats including lectures and multimedia presentations. Cons: Although it's well-suited for teaching mathematics, music, physical education, or arts and crafts, it is difficult to accommodate students' individual needs in larger classrooms.

Music and dyslexia - British Dyslexia Association

Music can be the content for teaching about sound waves and having children experience frequency with relation to pitch. Literacy improves when a student is able to pick up on the patterns in the structure of language and is able to differentiate between pitches in words that sound similar but have different meanings. Music can be utilized as a metaphor to explain elements of a story such as character, setting, conflict, and resolution, using the melodies, instruments, tempos, and dynamics ...
