90 ' s generation is one of the generations I really look up to. It was a half-half generation for me for anything. As you can observe 90 ' s generation becomes the evolution of everything just like how technology starts, how fashion evolves and adapts different countries ' way of styling, foods and many more.

As the lifting gear changed from that first generation stuff, which honestly is almost indistinguishable from those rubbery singlets of today, to the canvas and denim of the 1990s, there was an advantage to the gear fitting tighter. This is when I began to see a change from eating to feed the body to eating to fill out the gear. Fast food has been around since the 1950s, but in my experience ...
