Written for urban dwellers interested in emergency preparedness.

A field-tested guide to surviving a nuclear attack, written by a revered civil defense expert. This edition of Cresson H. Kearny's iconic Nuclear War Survival Skills (originally published in 1979), updated by Kearny himself in 1987 and again in 2001, offers expert advice for ensuring your family's safety should the worst come to pass. Chock-full of practical instructions and preventative measures, Nuclear War Survival Skills is based on years of meticulous scientific research conducted by Oak Ridge National Laboratory. Featuring a new introduction by ex-Navy SEAL Don Mann, this book also includes: instructions for six different fallout shelters, myths and facts about the dangers of nuclear weapons, tips for maintaining an adequate food and water supply, a foreword by ¶the father of the hydrogen bomb,¶ physicist Dr. Edward Teller, and an ¶About the Author¶ note by Eugene P. Wigner, physicist and Nobel Laureate. Written at a time when global tensions were at their peak, Nuclear War Survival Skills remains relevant in the dangerous age in which we now live.

Plan ahead so you're prepared when disaster strikes Disaster preparedness is a topic that everyone should consider. No matter where people live, the potential for a natural or man-made disaster exists. In Disaster Preparedness, expert authors Rod Brouhard and Crystal Kline guide you through almost every possible scenario, so you and your family can be prepared. This practical, essential reference gives you the essentials including tips for producing and conserving drinkable water, generating emergency power, creating and maintaining emergency food supplies, and much more. Written without political or religious bias, Disaster Preparedness is a reference that every home can use before, during, and after disaster strikes. Here's what you'll find inside: Practical worksheets, checklists, and instructions for surviving almost any possible disaster scenario Guidance for making a survival plan, evacuating for specific disasters, and making a preparedness kit, plus tips for storing and packing survival gear including food, health and hygiene necessities, first aid kits, and medicines Advice on storing and managing essential documents, with tips on what to take and what not to take Expert advice on securing your home in the event of a disaster, including protecting your property and belongings First aid tips for dealing with many common first aid emergencies and injuries that can occur during disasters Practical tips for picking up the pieces after disaster strikes

From the creator of TheSurvivalMom.com comes this first-of-its-kind guidebook for all the ¶prepper¶ moms keen to increase their family's level of preparedness for emergencies and crises of all shapes and sizes. Publisher's Weekly calls Lisa Bedford's Survival Mom an ¶impressively comprehensive manual,¶ saying, ¶suburban mom Bedford helps readers learn about, prepare for, and respond to all manner of disasters. . . . From 'Instant Survival Tip' sidebars to a list of 'Lessons from the Great Depression'. . . Bedford's matter-of-fact yet supportive tone will keep the willies at bay.¶

You don't need to spend hundreds of dollars on the latest and greatest emergency survival gear for your outdoor adventures when you can assemble a functional, well-stocked kit for little or no money! Best-selling preparedness author Jim Ballou shows you exactly how to do it with this guide to collecting no-nonsense, get-the-job-done-in-an-emergency gear and packaging it in self-contained, portable kits that are always ready to grab and go. Instead of expensive tents, sheath knives, sleeping bags, and other conventional outdoor gear, Jim focuses on compact, lightweight, and even disposable, use-once-and-discard emergency equipment, and all of it dirt cheap! Learn how to: - find standard survival kit components at the lowest prices - create a poor man's survival kit for free from common household items - collect or create your own edged tools, water containers, cookware, fire and shelter-making gear, and weapons for very little money - assemble a complete kit of new gear for under \$10 Dozens of photos show examples of inexpensive but functional wilderness survival kits, as well as step-by-step instructions for creating your own poor man's gear. If you are a hiker, hunter, camper, preparedness type, homeless nomad, or other wilderness adventurer operating within a narrow budget, this book is for you!

The Prepper's Guide to Food Storage A Practical Guide to Storing Food For the Long Term When most people start thinking about family preparedness, they focus on food. Not shelter, gear, sanitation, power, self-defense or the myriad of other concerns that need to be addressed following an emergency or disaster situation. Quite simply, food is the number one concern people have second only to their concern for having an adequate supply of water. The Prepper's Guide to Food Storage is a book about food: What to store, how to store it and best practices. It is a roadmap for showing ordinary citizens that long-term food storage is not something that will overwhelm or burden the family budget. This book is based upon the author's own tried and true personal experience as someone who has learned to live the preparedness lifestyle by approaching emergency preparedness and planning in a systematic, step-by-step manner. This book will cover: Store What You Eat and Eat What you Store, 20 Items to Kick Start Your Food Storage Pantry, Tips for Building an Emergency Food Supply, Common Food Storage Mistakes, Moving Beyond Pre-packaged Foods, and much, much more! Whether you simply want to prepare for natural disasters or whether you believe the world is headed toward a major food crisis, this book is for you. It covers basic tips and techniques you can use to stock your food storage pantry so that you can be assured that your family will have food to eat, no matter what.

From Victor Halperin's White Zombie (1932) to George A. Romero's landmark Night of the Living Dead (1968) and AMC's hugely successful The Walking Dead (2010), zombie mythology has become an integral part of popular culture. In a reversal of the typical pattern of adaptation, the zombie developed onscreen before appearing in short stories and comic books during the 20th century, and more recently as subjects of more traditional novels. This collection of new essays examines some of the most influential and inventive zombie literature, from the early stories to the most recent narratives, including some told from a zombie perspective.

A book for practical preppers (those planning for emergencies or disasters). Discusses food storage, water purification and collection, sanitation, first-aid, bug-out bags, bug-out vehicles, home and self-defense, firearms and shooting, providing lights and utilities, and aspects of home construction. -- AUTHOR BIO Charlie Palmer became a prepper back in the early 1980s when he first read The Survivor newsletter. Today he recommends people make modest preparations for natural disasters and other emergencies. His interests include do-it-yourself repairs, shooting, welding, machining, and outdoor survival.

The Most Sensible Disaster Prepping Book You'll Ever Read. Do you want to get prepared for disasters? Are you overwhelmed by all the information out there? Or maybe you feel that the standard prepping advice is macho, extreme and incompatible with your lifestyle. In Disaster Preparedness for Women, Diane Vuković takes a refreshingly level-headed approach to prepping specifically geared towards women. As one of the few female voices in the prepping community, Diane prides herself on being a voice of reason. Using extensive research into past disasters, personal experience and dozens of practical tips, she breaks down effective ways women can prepare for emergencies with confidence. After reading this book, you'll be able to: Calculate food, water, lighting and other supply needs Make a budget and plan so you can prep in a timely, organized way Pack a Go Bag with items suited specifically for a woman Perform exercises for improving mental toughness, resilience and situational awareness Implement practices that help you stay safe as a woman, both in everyday life and times of disaster With this book as your guide, you will not only be ready for small-scale and larger disasters, but get the peace of mind which comes when you take preparedness into your own hands. Take Preparedness Into Your Own Hands Now
