Illustrated Parts Lists—Tillotson

Maintaining your carburetor on a regular basis is easy and will help the performance and prolong the life of your engine. You can change just the diaphragm and gaskets with a DG kit or the diaphragms, gaskets, inlet needle and seat with an RK kit. We recommend changing at least the diaphragms and gaskets once per season. For racing carburetors, inspect the diaphragms and gaskets after each ...

Carburetors Archives—Tillotson

Diaphragm: Diaphragm carburetors are used in chainsaws, trimmers, concrete saws, tillers, leaf blowers, sprayers, racing, UAVs and other applications. We produce a full range diaphragm carburetors for engine applications ranging from 15 to 600 c.c. For older models, visit our Vintage page for availability and refurbishment options. Float: Most of our float carburetors are for vintage ...

Carburetors—Tillotson

Search the body of the carburetor to find the Tillotson model number. Since these are small carburetors, the model number may be separated into two sections and stamped on different locations on the body of the carburetor. Tillotson carburetor models include the HU, HE, HS, HL, HW and series. Step 2
