The manual transmission fluid in your Toyota lubricates the transmission gears and makes it easy for you to change gears without damaging the internal transmission components. Since the planetary gear system on Toyota transmissions produces a lot of heat, you should replace your Toyota transmission fluid at least once every two years.

I did stop at the Toyota dealer to buy genuine Toyota gear oil, and they didn't sell it. They said the only manual tranny gear oil they had was a big barrel of the stuff in the service department, they didn't sell quarts. I asked what gear oil they recommended for a Matrix, and they said go ask the guys at Autozone. Reminded me that the local Toyota dealer was a factor in my decision to buy a ...
