thought? In this fascinating book Gerald Bunch relates his journey from Naval Officer/engineer/left-brained empiricist to intuitive animal communicator. He explains that intuitive communication is a capability we are all born with and we can each re-learn. In sharing many of the conversations he has had with various species, he takes us into the world as experienced by animals. His study of quantum physics helped him bridge the gap between hard science and telepathy, but he stresses it is not necessary to know how animal communication works, only that it does work. All the time. Gerald and his buddy Oscar the Cat are on an odyssey. Their passion is to make the world a better place
