A guide to children's ministry that serves families with special needs Jesus set a high standard when He said "Let the little children come to me and do not hinder them, for to such belongs the kingdom of heaven." Children's ministries are responsible to be ready to bring children with disabilities to Jesus' feet too. Every Child Welcomes the guide for leaders and volunteers to assist in purposeful planning and skill development for a ministry inclusive of children with unique needs. What do you need to lead a special needs ministry? Leading a Special Needs Ministry is a practical how-to guide for the family ministry team working to welcome one or 100 children with special needs.

Introduction to the core concepts of teaching and supporting children with disabilities alongside their peers will help teachers ensure that all children meet their potential.

Children with disabilities are part of God's family, but people don't always treat them that way. In this book you'll discover how to help kids and their leaders welcome and include kids with disabilities at church or school. This revised edition contains a wealth of helpful information for understanding disabilities such as autism spectrum disorder; AD/HD; behavioral challenges; hearing, visual, and speech/language impairments; intellectual disabilities; physical disabilities; learning disabilities; and severe or multiple disabilities. This book also includes guidelines and forms to help churches identify and meet needs, lesson plans for presenting information on each area of disability, fact sheets about specific disabilities to share with adult leaders, and much more. It's an indispensable resource for teachers, Sunday school leaders, church staff, and anyone who works with children.

Deacon Larry Sutton knows first-hand how important and rewarding catechizing children with developmental disabilities can be. In How to Welcome, Include, and Catechize Children with Autism and Other Special Needs, he provides bishops, pastors, DREs, and other diocesan and parish leaders with a guide for creating a program that addresses the needs of children with physical, developmental, and cognitive disabilities and welcomes them into the life of the parish. How to Welcome, Include, and Catechize Children with Autism and Other Special Needs helps parishes: Understand disabilities—and abilities Build relationships with children with special needs? Provide one-on-one customized catechesis using existing resources Inspire teens to volunteer Revitalize, educate, and involve the entire parish How to Welcome, Include, and Catechize Children with Autism and Other Special Needs provides the insights needed to build an effective faith formation program. By sharing stories of success and inspiration that affect everyone—pastor, parent, student, teenager, and teacher—he delivers the unexpected: that catechizing children with special needs actually nurtures the faith of the entire parish.

It ' s hard enough for today ' s parents to raise faith- filled children. But for the parents of kids with special needs, the challenges can be almost overwhelming; these parents ' own spirituality may suffer amidst the daily obstacles of raising a child with disabilities, and they may wonder how—or even if—their child can ever experience a meaningful spiritual life. In Faith, Family, and Children with Special Needs, David Rizzo—whose 12-year-old daughter has autism—offers great hope for parents who want to grow in their own spirituality while helping their children with disabilities experience God in a deeper way. Throughout the book, Rizzo ' s abiding though sometimes tested Catholic faith is made clear as he thoughtfully explains everything from the practical, such as how parents can maintain sanity during Mass when the child with special needs becomes disruptive, to the profound, such as how parents can understand God in a way that is relevant to their predicament. At other times, Rizzo ' s advice is intended to help the child grow in his or her own faith, as when he explains how kids with special needs can participate meaningfully in the Eucharist. By looking at big-picture issues of faith while also providing speci fic tips to nurture spiritual growth in parents and in their children with disabilities, Faith, Family, and Children with Special Needs will serve as a highly useful and inspiring resource for anyone in the community of faith who interacts with children with disabilities.
