communities shaped their distinctive versions of the past through the repeated refashioning of the legend of Padmini. Ramya Sreenivasan investigates these legends and traces their subsequent appropriation by colonial administrators and nationalist intellectuals, for varying different political ends. Using Padmini as a means of illustrating the power of gender norms in constructing heroic memory, she shows how such narratives about virtuous women changed as they circulated across particular communities in South Asia between the sixteenth and early twentieth centuries. This book will interest historians of memory, gender, community, culture, and historywriting in South Asia. Illustrating how enduring legends emerged out of particular precolonial repositories of "tradition," the book also addresses the nature of colonial transitions and precolonial historical consciousness.

But it was also the era that saw the creation of a pan-Indian empire, on the foundations of which the Mughals and the British later built their own Indian empires. The encounter between Islam and Hinduism also transformed, among other things, India's architecture, literature, music and food. Abraham Eraly brings this fascinating period vividly alive, combining erudition with powerful storytelling, and analysis with anecdote.
